Issue 110 Week Ending 9<sup>th</sup> June 2017

Despite it being June the sun hasn't made much of an appearance which has understandably meant our plans for our Sports' Day have been hampered. I am well aware that although we can all appreciate it was unavoidable; such changes to the diary cause a massive headache to you when trying to support us and hope very much that the sun will shine for next Thursday so that we can forge ahead with our plans. Our afternoon should start promptly on the field at 13:10 and finish at 15:30 for our BBQ to start.

This will inevitably mean that any club that is planned to take place on a Thursday will not. So there will be **no Running club, Rounders, Booster sessions, Gymnastics or Camping club**. With this in mind please note that school will finish for your child at 15:30 on the 15<sup>th</sup> June unless they are booked into the Afterschool Club.

On the 4<sup>th</sup> July we have planned for all children to enjoy a picnic on our field at lunchtime. The school kitchens are to prepare picnic foods for the children on this day. If you would like your child to have a lunch provided by school for this occasion please let the office know via your child's class teacher by 21<sup>st</sup> June.

A **fidgit spinner** is a type of toy, whose marketers claim it relieves stress. ... The toy has been advertised as helping people who have trouble with focusing or **fidgiting** (such as those with ADHD, autism, or anxiety) by acting as a release mechanism for nervous energy or psychological stress.

We would appreciate it if fidget spinners are left at home. They are getting lost and are causing a lot of distraction. We thank you in advance for your support with this.

[Fidget spinner - Wikipedia](https://en.wikipedia.org/wiki/Fidget_spinner)

As you are aware we are constantly looking for ways to engage the children with their learning along with raising standards. We have just purchased an online programme to support our teaching and enhance the learning that is taking place. Every child from Year One upwards has been given log in details (either in their reading journal or homework book) that may be accessed at home and within school. Please try and encourage your child to use this at least three times a week at home but without too much adult help. We will be planning time for your child to work through the units at least once a week in school. The more your child goes on it the more progress they will make!

We have celebrated the achievements of our Writers and Mathematicians of the half term today instead of our normal star of the week. We enjoyed listening to the talented Coby Stones! Well done to all those that have been selected this time. Please come and look at their work which is presented in our main corridor.
