

MFL Subject Intent

The intent for Modern Foreign Languages at Carleton Green is to provide all our children with a high-quality education that develops their love and learning about languages and other cultures. We want all children to understand both written and spoken French by the time they leave us in year 6 so they can carry this on into their high schools. We want the children to be confident with learning a language and understand how important and beneficial knowing a foreign language can be to their future.
