

PSHE Subject Intent

At Carleton Green all pupils are encouraged to be healthy, respectful, tolerant members of our school, the local community and the wider world. We believe that our school should be an inclusive environment where all can fly, high and soar. Our PSHE curriculum supports our ethos and equips all children with the knowledge, skills and attributes needed to live a healthy, safe and responsible life.

The PSHE curriculum is split into three core themes: Health and Wellbeing, Relationships and Living in the Wider World. All children will meet these themes throughout the year and will be built upon as the children move through our school to allow all pupils to know more and remember more. PSHE plays a vital part in Primary Education and should be taught at least weekly. However, there will also be the opportunity to make purposeful, cross curricular links which enables teachers to ensure full coverage of the PSHE curriculum.

At Carleton Green we use SCARF planning to provide a comprehensive, spiral curriculum for PSHE education. This covers the DfE statutory requirements, the PSHE Association's advisory content and the statutory Health and Relationships Education guidance. This scheme of work reflects the needs of all of our pupils and all teachers will use this curriculum to equip our children with the necessary skills needed to become safe and responsible members of the community. It also identifies links to British Values and is taught in such a way as to reflect the overall aims, values and ethos of the school.

Our PSHE curriculum also incorporates an age-appropriate understanding of RSE, as set out in the statutory guidance, enabling all children to be safe and to understand and develop safe and healthy relationships.
